European Conference on Safety and Reliability

**28th August – 1st September 2022**

# How to use the EasyChair Management System to review a submission

## Instructions for reviewers

### I. Understanding your role and responsibilities

All the authors and co-authors of papers submitted to ESREL2022 or members of ESRA are potential reviewers. If you are reading this document is because you have been selected to act as a reviewer and you will help us to ensure the quality and correctness of all contributions for ESREL 2022.

The submitted contribution must be free of copyright infringement or plagiarism and with a good English level (we can be tolerant on the use of American/UK English).

In reviewing the papers and extended abstracts, please be aware that you should not be as adversarial as for a journal paper. While reading, bear in mind the following key questions:

- Is the objective/problem statement of the contribution clearly stated?
- Are the results clearly presented?
- Are the key literature references mentioned?

## II. Login on EasyChair

To create a review you will need to login in EasyChair:  
<https://easychair.org/conferences/?conf=esrel2022>

If you do not have an EasyChair, please follow the instructions here: <https://easychair.org/account/signup>
